"Single-Cure" Tires which are NEVER Over-Cured

Goodrich "TEXTAN,"-- for Shoe Soles

-Wears longer than leather! -Is waterproof and non-slippery; while lighter, more flexible, and easier on the feet. -Ask your Shoe Dealer, or Shoe Re-pairer, for Textan Soles on your next pair

OODRICH Fabric Tires of today are made by the 'same "Single - Cure" Process as in 1900.

But, such Process demands Skill, — Expert Workmanship, that Accuracy of treatment which proceeds chiefly from a long Experience with it. The long-experienced Goodrich Operator knows the precise temperature, and temperamental conditions of Fabric and Rub-

ber, which admit of Vulcanizing these two factors together AT A SINGLE "CURING." So, he can and does, SINGLE-Vulcanize them, without producing the internal "Blisters" and other hidden "defects," that alone excuse the double-cost, and double-risk, of "Double-

Cure" or Vulcanization on Vulcanization. Naturally, the *largest* Rubber Factory in the world should have (out of its 47 year Experience) developed the *ablest Operatives*, as well as the most efficient and economical *Processes*.

Naturally, too, this Experience and Efficiency, coupled with a 50% greater Pleasure Car and Truck Tire Output (latest fiscal year) than that of any other Rubber Concern in America, produces such Volume of Tires at the lowest feasible cost, per

OODRICH Ideals, Principles and long-proven Business Policies, result in the benefit of that lower cost being given TO CONSUMERS. Because,—47 years' experience in Mfg. and Selling Rub-ber Goods demonstrates that "Time" levels down all Excess

It does that through limiting VOLUME of Output.

And,—VOLUME is the chief factor in reducing Cost of Production.

-The Maximum Value, to Consumers, with a fair profit to both Dealer and Manufacturer! That Goodrich Policy has been Father to the REPEAT.

ORDERS which have for 47 years maintained the B. F. Good-rich Co. Factory, at Akron, O., as the largest Rubber Factory in the World, and the most conservatively-successful.

From that Policy, consistently worked out, proceeds the relatively Low Prices quoted below, on the highest-grade Fabric Tires that Money and Skill can build. Let no one "CONVERSE" you out of the advantage they mean to YOU.
